Opettaja Magazine is the only media that reaches decision-makers and professionals at every level of the education sector, delivered to their home address. The printed magazine has 186,000 readers. And most importantly, as many as 78% of them are regular readers. The total reach of the print and online magazine is 200,000 readers (NRS 2021).

For its advertisers, Opettaja Magazine offers up-to-date and reliable research data to support media decisions. We are a regular participant in National Readership Survey and, as required, we arrange for separate research studies measuring the decision-making in the teaching field and the use of media.
